NOTICE OF RULING

Re: Document No. 340, Motion to Produce Discovery in re: Expert
Footprint Evidence

Based on the government's response, the court rules as follows:

Paragraphs (i), (iv), (v), and (vi) - Government agrees, as it has in the past, that it will make these items available for inspection by defendant's expert. Government need not produce 4000 dpi negatives because it does not have the capability of doing so. Furthermore, this request is late.

Paragraphs (ii), (iii) and (vii) - These items have been or will be provided to defendant.
